Due to insurance reasons you must be 18 years old to volunteer at the Northwoods Wildlife Center.

No new volunteers are trained in the month of June due to the arrival our new summer interns. Applications during this time are still accepted and interviews can be set up for the end of the month.

Applications are processed in the order they were received whenever possible. If it has been over a week since you applied and you have not heard from the Center, you may call and check on the status of your application. Please ask for the Assistant Director of Education.

Please sign and date to indicate that you have read the above, are over 18 and are interested in becoming a NWC volunteer.
